Every NEW CUB SCOUT who registers in the month of September will receive a special Seneca Waterways Cub Scout T-shirt. Our supply of sizes will be limited, so planning ahead for your recruitment nights will be important. Because of the limited supply, the shirts must only be given to youth who turn-in applications and registration fees. If shirts are left over at the end of the campaign, they will be made available for purchase through the council.

Research shows that by Kindergarten, most youth are already participating in 2 different activities. Recruiting new kindergarten-age children into your pack is a great way to grow both youth and leaders. Statistics are showing that over 80% of parents whose youth enroll in LIONS will go on to become registered leaders in the program nationwide.

It’s a fantastic start and can help your pack grow leadership from within!” The kids really love the program are staying in the packs and progressing into Tigers and Wolves at a great retention rate as well. Please make recruiting kindergarteners a big part of your strategy this fall.

Countless numbers of Scouts are currently funding their adventures through the 2018 Seneca Waterways Council Popcorn Sale. Through our popcorn sale, 70% all proceeds directly benefit our local Scouting program. Approximately 33% of the proceeds are paid out in unit commissions, 33% subsidizes Council-wide support our local units, and 4% provides prizes and other incentives to our Scouts throughout the sale. No other fundraiser available to Scouts (or most any other youth serving organization) has a 70% return on investment so, encourage your Scouts to sell popcorn this year and support our local program.

As you may be aware, the Seneca Waterways Council has participated in a National Pilot Program in 2016 and 2017 to offer the LION program for kindergarteners in select Cub Scout Packs. Packs had to apply and meet certain criteria in order to participate in the pilot. Effective this fall, LIONS is now an official part of Cub Scouting, and all packs can accept kindergarteners into Lion Dens.

EAGLE SCOUT Scholarships

The National Eagle Scout Association (NESA) scholarships application deadline is Oct. 31, 2018. This special event is set at an affordable price for all with five-member squads starting at $250 ($25 discount for high school teams). Funds raised from the Fall Sporting Clays Shoot help benefit andunderwrite shooting sports education programs in our Council. While many Councils charge a premium for Scouts taking rifle or shotgun merit badges, we do not, largely as a result of events like this.

21 STORIES FOR SCOUTS 10th Anniversary - 2019 -

The most visible fundraiser in Rochester – 21 Stories for Scouts -- celebrates its 10th anniversary this May 31 on the side of Campmasters’ Kodak Tower. Over the past ten years over 500 people have had the unique and thrilling experience of rappelling down the side of one of Rochester’s tallest buildings. This past May set the record for local Scouting? About $420,000 of this amount has a tremendous positive impact upon our local programs.

In addition, the Council’s 21 Stories for Scouts program annually raises $500,000 from the sale of $500, $1000, and $2000 tickets starting at $550 for a couple and we know that all guests will have an evening they won’t forget.

In 2017, our participating units experienced a 10% growth in their overall sale! An additional $400,000 is matched back to the Council by the campmasters company, allowing the Council to provide goods and services to all Scouts in the Council (including our 3 world class camps, providing training for our volunteers, and professional staff support).

Credit Card Readers to Increase Your Sales

The Council is continuing to provide units with FREE Credit Card Readers for their Popcorn Sale. They can be attached to any Smart Phone or Tablet and all transactions will be deposited directly in the Units Checking Account. Units can have as many of these readers as they want to help Scouts increase their sales by being able to accept credit cards at both Show and Sell sales and when selling door to door during the Take Order portion of the sale.

Order Popcorn On-line

Additionally, family and friends who live out of the area can order popcorn from your Scout on-line and it has shipped directly to their door through the website: www.popcornordering.com

What a great way for friends and family to support your Scouts adventure while also enjoying some great popcorn.

With all these great features the Popcorn is a Win-Win for every Scout and Unit in the Council. This year’s Popcorn Sale began on August 12th. If you need additional Order Forms you can get them from the Council Service Center or download them from the Council website at www.senecawaterways.org/popcorn. Forrest Gertin received the OA Distinguished Service Award.

Tschipey Achtu Lodge would like to congratulate Forrest Gertin on being awarded 2018 OA Distinguished Service Award. The award was created in 1940 to honor Order of the Arrow members, youth and adult advisors who have rendered distinguished and outstanding service to the Order on a sectional, regional, or national basis.

Since 1940 only 1,019 persons have been honored with this award.

Forrest’s term with the National Order of the Arrow has concluded, but he plans to remain engaged on the national level. He is already back to work for the Boy Scouts as a youth coordinator for a service initiative occurring in 2023, and as the youth lead for a program that will bring together 500 young adults from across the globe to welcome over 40,000 Scouts to the 2019 World Scout Jamboree, hosted by the US, Mexico, & Canada.

Forrest is an Eagle Scout from Troop 730 chartered to Pinnacle Lutheran Church in Rochester. He is the second National Officer to come from the Rochester area in the last two years. Gertin is a 2016 graduate of McQuaid Jesuit High School and will be a junior at the Edmund A. Walsh School of Foreign Service at Georgetown University in the fall.

Elections:
Has your troop had their election yet? If not contact your chapter chief, lodge advisor, or staff advisor. Fall induction weekend is September 21-23 at Camp Cutler. Applications are available on the council website or at the council office. It’s never too late for elections. Get yours done now!

Many people think the most important membership process the BSA goes through each year is fall recruitment for Cub Scouts. While that’s our biggest means of engaging new families, it doesn’t come close to the importance of our annual charter renewal process. Every youth and adult registered with the BSA must renew their registration annually. It can be a big job, especially if we are unprepared. Here are a few key things to get your unit ready for the process:

- Choose your charter renewal processor early and make sure they have the resources needed to be successful.
- Start with a list of any leaders who have been added to the roster since the last charter cycle, leaders who have or will change positions, and any leaders who used a training waiver the previous year will tell you who needs to verify position training before you even begin the process.
- Remember that all leaders are being asked to take the NEW youth protection training available on my.scouting.org before October 1st. Compliance with this will simplify everything. Ask your leaders to run in a copy of their certifications to the unit to keep on file. Submitting a copy with the recharter makes the process easy and smooth. Remember, if your leader does not have their member i.e. number linked with their my.scouting account, or worse, if they have created multiple my.scouting accounts (more common than you might imagine) there is no way the council has record of their being trained.
- Collect fees early so you don’t have to chase money during the holiday season.
- Use your unit commissioner as a resource. They are here to help you with the process. Their contact information will be in the charter packet. They stand ready to assist and are a phone call or email away.
- Make sure your unit attends the district charter turn-in event and has all paperwork complete to finalize your charter that day.

A list of the charter turn-in events is provided below:
- Mohawk – December 1st, Location TBA
- Townpath – December 1st, Council Rock Primary

WE'RE HIRING

BECOME A PARENT ADVOCATE FOR SCOUTING!

Our research shows that in the Rochester and Finger Lakes region, the most important factor to parents when deciding what activities their child engages in is how personal the invitation to join was. For parents, a friend who endorses the activities their own child is doing and extends an invitation beats everything else we can do to promote. You are in an amazing position to help expand Scouting to others in your community.

In addition to encouraging your child to get their friends to join Scouting with them, we need your help to share these experiences and opportunities with more youth and more parents. We need you to become an Advocate for Scouting today!! What does this mean? We mean you want to help us serve more kids by personally inviting your child’s friends and the children of your friends to getting involved in Scouting.

Primary role of Parent Advocates:
- Sign your child up for Scouts (you already did that!)
- Serve as your Unit’s representative for youth in your child’s class.
- Encourage your child to invite their friends to join Scouting.
- Actively encourage other families to join your unit or another Scouting program in their area.
- Personally invite families to get involved in Scouting and come to a meeting with you.

To become a Parent Advocate today, talk to your Unit Leader or contact your District Executive at 585-244-4210.

NEW LEADERS COME FROM NEW YOUTH

Could your unit benefit from recruiting new leaders? The answer is always “YES”! Many Packs, Troops, and Crews are concerned about recruiting more youth because they are afraid they won’t have enough leaders to provide a consistency of program to a larger group of youth. The reality is that recruiting new youth is your best possible source for new leaders. If you’ve had trouble with recruiting leaders in the past, it might have something to do with the approach. Sending out an email saying you need people to step forward sometimes works, but there are much better ways to do it.

Setting an expectation that each family has a parent engaged in some capacity is really important to creating a culture of volunteerism in your unit. Telling new families that you need their support and giving them a list of opportunities to engage (some big and some small) will help to create an environment where many hands make light work. Your commissioner and District Executive can help with this. We exist to help support your program. If you’re struggling with not having enough leaders, the solution is actually focusing on having a bigger youth recruitment and convince new parents to help run the program. If the expectation is that everyone does something, nobody has to do everything!
Units that attend a Seneca Waterways Council camp, with at least three Scouts and leadership, will qualify for a Legacy Unit rebate on the summer of the third, fifth and seventh year of attendance. Tracking for the program began during the summer of 2017. A unit that attended a Seneca Waterways Council camp in 2017, 2018 and 2019 will receive a three year attendance rebate upon conclusion of the summer of 2019.

Attend three years 3% rebate
Attend five years 7% rebate
Attend seven years 10% rebate

Units should pay the registration fees as normal. During the unit billing conference, the camp leadership team will issue a rebate request for the total registration fees paid for Scouts and adults attending camp. Merit badge supplies are not included in the rebate calculation but activity fees like ATV and Mountain Fox are included.

WELCOME NEW AND RETURNING SCOUTS!!
A message from the Strong Scout Shop

Your 2018/2019 Scouting year is promising to be a great one! Just think of all the activities you will participate in! There will be new friends met, meetings to attend, advancements to be earned, campouts to experience and more! You might even be doing a Pinewood Derby race!

Baden-Powell once said, “The uniform makes for brotherhood, since when universally adopted it covers up all the differences of class and country.”

Uniforms help create a sense of belonging, symbolizing character development, citizenship training and personal fitness. Additionally, the Uniform brings a sense of personal equity, helps identify the Scout as part of the Boy Scouts of America, allows the Scout to show his/her achievements and, is a reminder of the personal commitment to the ideals and purpose of the Scouting movement, as agreed to with the Scout Oath.

The Cub Scout uniform is comprised of the navy uniform shirt, navy bottoms (switchbacks, shorts, capris, or skort), navy belt with metal buckle, socks, cap, neckerchief and slide, and required insignia. This uniform will be worn to all Cub Scouting activities, including den and pack meetings, unit outings, and any activities done with members of the den or pack.

The Strong Scout Shop has all of your uniform needs! In addition, we are currently offering an amazing promotion of 25% off of your Cub Scout navy uniform shirt with the purchase of a pair of navy uniform bottoms! Our trained staff will assist you in finding the correct size and will share the features, advantages and benefits of our uniform. We also offer a sewing service to ensure the required insignia is properly placed and secure!

When you come to our store, you will find many other items to help you in your scouting journey! From activity tee-shirts and ball caps, craft kits, Pinewood derby essentials, to our newly expanded camping gear, we will help you BE PREPARED for the upcoming year!
The course is open to those aged 14-17 years old who are recommended by their unit leader. A recommendation form can be found on the registration page at www.senecawaterways.org. Youth must be accompanied by supervising adults. Supervising adults are responsible for ensuring that youth participation in the course satisfies all BSA Youth Protection guidelines. Adults who accompany youth are also welcome to take the course. The course fee includes Wilderness First Aid manual and text, meals (Saturday breakfast through Sunday lunch), a Saturday night cracker supper, and text, meals (Saturday breakfast through  Sunday lunch), a Saturday night cracker supper, and text, meals (Saturday breakfast through Sunday lunch). We are unable to offer indoor accommodations to camping Friday and Saturday nights. We therefore cannot accept participants without current CPR AED certification.

The course is co-sponsored by Seneca Waterways Council, Boy Scouts of America, the Emergency Care and Safety Institute and the Emergency Medicine College of Emergency Physicians. This course is to allow us to prepare and to attend, in the winter. Brrr... makes you shiver just thinking about it!

OKPK is the key. OKPK, the Inuit word for snowy owl, is a “Classroom Style” training experience designed to make you, the adult leader, aware of the physiological and psychological aspects of winter camping, as well as the great variety of winter camping equipment that’s available. This training will give you the skills and confidence to lead a winter camping and ensure a safe and fun experience for all.

Camp Babcock-Hovey: https://scoutingevent.com/397-massawepie2019

Massawepie Scout Camps: https://scoutingevent.com/397-massawepie2019

**How are campsites selected?**

Campsite selection in 2019 has been enhanced to provide an optimal patrol and unit experience within the campground. Campsite overcrowding was caused by assigning too many units to a campsite. To help provide more space to units, the following steps have been taken:

- Campsites have been divided into subites. At Camp Babcock-Hovey and Massawepie Scout Camps the subites are grouped into 12 (6 tents) This grouping reflects the average troop size attending each camp.
- When a unit makes a camp reservation, they should assign to one or more sites within the campsite. A unit has exclusive use of the subite if they have at least 10 individuals AND they are the only subite to reserve that subite. If a unit has less than 10 individuals in a subite, they may have overflow youth assigned to the subite.
- After the deposit deadline, units must have enough youth and adults reserved for camp to have exclusive use of the subite.

**How do we estimate attendance?**

Estimating attendance is not an exact science. At camp you should use your current participation as a place to start. Who is going to return from your unit? How many Arrow of Light cross overs or new Scouts might you pick up next year? Scouts currently registered in the troop should be estimated using the Scout category. Your best guess at the number of new Scouts joining in the spring should be registered under the new Scouts in Spring category.

**Estimates are held until February 28. By February 28 units are asked to login and make their commitment on the number of youth and adults attending camp. Spaces held for Scouts and adults after February 28, that are later reduced, face a $150 reduction penalty. There is no penalty for estimating new Scouts in Spring. New Scouts in Spring maintain the early bird pricing until the start of camp and can be reduced with no penalty. We will verify that all youth registered as New Scouts in Spring joined the troop after February 1.**

**OKPK is held January 25-27, 2019 at Massawepie Scout Camp. The cost is $95 per person. Any questions should be sent via e-mail at okpk@senecawaterways.org.**

**Wilderness First Aid (WFA)** will teach you to understand and manage common medical illnesses and emergencies when more advanced care is not immediately available. The course combines classroom presentations about common wilderness first aid situations with active skills practice and hands-on scenarios.

Our hands-on scenarios allow participants to experience real-world practice, realistic setting, and integrate knowledge and skills in a team-based approach with expert guidance and feedback. The course provides 16 hours of training during the weekend, not including time for meals and breaks. Current certification in CPR AED is required to take this course. Participants must have up to date knowledge of the assessment process taught in CPR AED courses. We therefore cannot accept participants without current CPR AED certification.

The course begins to allow us to prepare for the in person course in order to be recorded as trained.

The pre-course training can be found through the my.scouting.org website in the learning center. For a quick walkthrough on how a video has been created and can be viewed at this link: http://scnscentro-e-matic.com/watch/k5JxQKmD7

The cost for the training is only $25 for registrations that are paid for and registered online with 1 Week before. Late registrations and payments received the Week of and walk-ins will be $30. So register now and save a few dollars. The Fall course will run November 10-13, 2018 at the Warren-Carlter Reservation. Please direct all questions to BALOO@senecawaterways.org.

Scouts BSA Girl Units

Scouts BSA girl units will be able to register in Scouting starting on February 1 and they can attend camp in 2019. Scouts BSA girl units will have two options when registering for camp. They can register for a girls-only camp that will be assigned at Massawepie Scout Camps or Camp Babcock-Hovey during each session OR they can share a campsite with a Scouts BSA boy unit chartered to the same organization.

However, the girl units and the boy units will be assigned separate patrol sites and girls and boys may not be assigned tents in the same patrol site. No other boy or girl units may reside in that campsite.

Registration for Scouts BSA girl units will open January of 2019. For the 2019 season, sites with capacity for at least 36 campers will be reserved for girl units during each session at Camp Babcock-Hovey and each session at Massawepie Scout Camps.

**Unit Registration Process and Payment**

Campsite reservations are exclusively available to currently registered units until Thursday evening at 8:00 PM during the current season. On Thursday at 8:00 PM the future year session will begin accepting reservations for units not currently registered. Campsite assignments are made on a first deposit basis. A $100 deposit is required for reservations made through October 1.

After October 1, a $200 deposit minimum or $10 per Scout fee (continued on page 11)

The local unit Commissioners help all Bay Waters Packs, Troops, and Crews through the rechartering process. If you, or someone you know, is interested in serving as a Commissioner, please contact Bob Monagle at rmongile@yahoo.com.

Our Spring Camporee was very well attended. We actually had a Troop there from Utica, NY. Everyone had a great time and many of the scouts were able to earn their Railroad Merit Badge. A big thanks to the Genesee Valley Railroad Museum, the New York State Museum of Transportation and the Town of Rush. If anyone is interested, there are a few patches left over. They are $2 each.

Fall Recruitment

2017 was a banner year for Black Creek District in recruitment. Let’s see if we continue that in 2019. We are asking every unit to set a membership goal and work to make it. If we recruit the same number as we did last year, we will have our second year of membership growth in a row. As a team we can do this. Kelly Myers is our new membership chair. “What is Venturing?” To answer that question in official terms, Venturing is a division of the Boy Scouts of America for young adults, both men and women, ages 14-21. The purpose of the Venturing program is to provide positive experiences to help youth mature and prepare them to become responsible adults. Beyond that, the possibilities are endless.

The real definition of Venturing, as the youth who are part of the program see it, is up to interpretation. Venturing Crews, which are the Venturing equivalent of Boy Scout Troops, may choose to specialize in any area they feel it be a personal specialization, or an outdoor specialization, a climbing specialization, or even a medieval battle reenactment specialization. Those crews will then design a program that fits their specialization and is suitable for them. Many crews choose to not specialize at all and do whatever new and exciting things they feel like doing.

Each year in May a new slate of officers are selected to lead the council’s Venturing Officers Association. In many ways the VOA functions the way any other crew would, but in doing so leads the council program. The 4 Executive officers, all youth, representatives from each district (or crew presidents) make up the VOA. They are advised by a team of advisors and the Council venturing committee, Much like that of a chartered crew.

As vice president of Administration leading the Council Venturing Officer’s Association (VOA) through adherence to the program and policies of the council. Their area of focus is on growing membership, promoting advancement and youth leadership development and training. Advised by John Emory
